C. READING AND WRITING

Hello! My name is Oliver, and I'm 11 years old. I'm from Liverpool, England. I'm tall and have short brown hair and green eyes. I live with my parents and my younger brother, Jack. My family and I have a great time together. We often go for walks in the park or play board games on the weekends.

I have a lot of hobbies. My favorite thing to do is playing football with my friends after school. I'm the goalkeeper for our school team. I also love listening to music and drawing. In my free time, I enjoy reading adventure books and watching funny movies.

I have a pet cat named Milo and two rabbits called Snowy and Fluffy. Every morning, I feed them and clean their cages. My parents say it's my responsibility to take care of them, but I don't mind because I love animals. At school, I'm known as a friendly and cheerful student. I like helping my classmates with their homework, and I'm always ready to share my snacks. However, I can be a bit shy when meeting new people. My teachers say I'm hard-working because I always complete my assignments on time.
